PROFILE

I'm 30 years old and I'm training at BeCode to become a developer. My background has enabled me to develop my algorithmics, mathematical and social skills. I'm punctual, proactive, persevering, and self-taught. I have a great capacity for change. These skills enable me to integrate quickly into a new team. I'm currently looking for a 2–3-months internship to complete my training.

LANGUAGES

French: Native language

English: B2

Dutch: A1 - Ongoing training
